Style on the go
The VAIO® Fit 15E laptop is creatively designed so you get a stylish laptop featuring a full size backlit keyboard with number pad and a large touch pad designed for a comfortable computing experience while still keeping the laptop thin and light enough to carry with you.

Amazing Full HD touchscreen
Developed by the same people you trust to engineer amazing flat-panel HDTVs, the 15.5" (1920 x 1080) Full HD display has an unbelievably crisp picture so you can see your games and movies in impeccable detail. The capacitive touchscreen allows for a snappy and responsive touch experience. And the LED backlight ensures a bright display while conserving battery power.

ClearAudio+ Sound
ClearAudio+ combines Sony's unique sound processing technologies like xLOUD®, Clear Phase™ and S-Force® Front Surround Sound for amazingly clear and bold sound. With ClearAudio+, you'll hear dynamic bass and soaring highs with less distortion for an unmatched music and movie experience. And with the powerful sub-woofer, you can crank that volume up.

Rapid Wake
With Sony's own Rapid Wake technology, you never have to shut down your computer again. Whether you are done working for the day or just heading out to get some coffee, simply close the lid to put your PC into sleep mode. Then, when you're ready to start again, resume in two seconds with your data safe and secure. If you are unplugged, don't worry about draining your battery. Your PC can stay in sleep mode for days.[10]
